From the President:

The 2017/2018 season begins with our annual ASPE Golf Outing held on August 3, 2017 at Fowlers Mill Golf Club located at 13095 Rockhaven Road, Chesterland, Ohio. The highlights are 50/50 raffle, lunch and dinner, on course beverages, and over \$1,000 in door prizes. Please arrive at the course by 10:30 AM for a shot gun start at 12:00 Noon. If you have any questions, please contact Tim Foresta or Kyle Shock at 216.391.3700.

The 2017 ASPE Technical Symposium and Product Show will be held October 19 – 22, 2017 in Montreal, Quebec, Canada. Passport is required to cross the border! Please visit aspe.org for more information.

I would like to also welcome our newest member to the Cleveland Chapter; Nicholas Tabar with Karpinski Engineering.

Let us know if there are any specific topics or field trips you would like to see our chapter sponsor. We are always looking for new ideas. Remember, without membership and participation, there is no local chapter.

Have a great summer!

Regards,
John A. Varga, P.E.
President, ASPE Cleveland Chapter

**LEAD-FREE.
WORRY-FREE.
HASSLE-FREE.**
4 YEARS EARLY.

With new national lead-free legislation taking effect in 2014, there's been a lot of talk about making the switch. Here's the truth: T&S was the first fixture, faucet and fitting manufacturer to convert its entire line to lead-free alloys back in 2010.

So when you purchase a T&S faucet today, you're already lead-free compliant. No worries. No hassle.

Visit tsbrass.com/literature to download a free brochure about our lead-free products, or contact your local T&S rep for more information.

Region 2 Affiliate Report

Summer is here! With that said, do I really need to write more? Actually, I must because there is so much to share with our ASPE Region 2 engineering community.

Region 2 President's Meeting

This year's Region 2 President's meeting was hosted by the Eastern Michigan Chapter in Detroit in early June. The meeting was a success. Some arrived early and attended the Detroit Grand Prix (Indy Car) time trials and assorted races. The event was held on Belle Isle in the middle of the Detroit River. Friday happened to be free preview day including bus transportation. We all had a blast. Some enjoyed themselves enough to recommend all future president's meetings be held in Detroit. This of course would violate our chapter rotation hosting policies but it was a welcomed comment to hear.

The evening was spent on the Princess Riverboat as we floated up and back down the Detroit River. We couldn't have asked for better weather and seeing Detroit lite up brightly to the north and Windsor, ON Canada to the south. Yes, you read that correctly. This is the only spot in the continental US where Canada is south of the United States.

Surely we must thank our sponsors for their time and financial support. The Burke Agency, Balfrey-Johnston Inc., Moen, Kerr Pump & Supply, Limbach, and NSF. Without them, an annual meeting of this caliber would not have been possible.

Our Region 2 Director, Keith Bush, CPD, CSI conducted a very productive meeting. We are thankful that Carol Johnson, VP Legislative could join us too.

We have a long list of action items to work through. Expect to read more on those in future articles.

Keith also presented the Cleveland, SW Ohio, and E MI Chapters with Directors Awards.

The E MI Chapter will hold their September 12, 2017 meeting will be hosted by NSF and part of that meeting will be an extensive tour of our laboratories including the new roof drain test rig. You might consider putting this date on your calendar and join us.

Lead Free Schools

One last think to squeeze in, are you working on any school renovation projects this summer? If so, you might be required to take extra steps to eliminate any lead in the potable water system. To help you and school officials navigate through this sensitive topic, NSF has created a new website. Please visit www.leadfreeschools.org for additional information.

PME Magazine Reps of the Year

I would like to take a moment to congratulate BWA South in Hilliard, OH for being selected as the 2017 Rep Agency of the Year by PME Magazine. This is a great recognition by one of own ASPE Region 2 supporters.

Roof Drain Testing

Other big news for our industry is how do you size roof drains to the latest requirements of the IPC when there is little, to no reliable data available? For this reason, NSF International has built a cutting-edge roof drain test rig. The test rig is now running continuously collecting the exact data you will need to perform your calculations. To my knowledge, this is the only active 3rd-party test rig in the county. Going forward, be sure to ask the roof drain manufacturers calling on you for their latest data and how and where they collected it.

WOODFORD **ROOF HYDRANTS:** **RELIABLE** **ROOFTOP WATER.**

- Heavy-duty cast iron mounting system can be installed by roofer; hydrant can be installed later.
- RHY2-MS freezeless hydrants automatically drain when shut off, even with hose attached.
- Easy to repair from top of unit without removing hydrant.
- Five-year limited warranty.

*RHY2-MS
Woodford roof
hydrant plumbs
directly to drain*

*Woodford SRH
sanitary hydrant:
no drain required!*

WOODFORD MODEL 67 **FREEZELESS WALL HYDRANT:** **BEST SELLERS.**

Woodford 67 series are the best-selling commercial wall hydrants in the nation. With good reason.

They drain automatically, even with a hose attached. They're high flow and maintenance-free. They have fewer parts to wear out than competitive hydrants. And they won't freeze.

They're guaranteed for five years. They set the standard other faucets can only hope to reach.

Paired with Sloan High-Efficiency Flushometers, our Commercial Toilet and Urinal Systems take water efficiency to the next level.

All Sloan Flushometers are made from a high level of recycled material and are 100 percent recyclable.

Sloan Bio-Deck Sinks utilize natural materials such as corn cobs and other renewable domestic agricultural materials.

Dual-Flush Side Mount Retrofit is a fast, easy way to reduce water consumption.

Sloan Hands-Free Faucets promote cleanliness, hygiene and overall health benefits.

Monitoring Systems reduce operating costs and decrease water consumption.

PURELY AMERICAN NO FOREIGN MATTER

American craftsmanship is alive and well at Charlotte Pipe and Foundry.

When you specify cast iron pipe and fittings from Charlotte Pipe and Foundry, you know exactly what you're getting. Charlotte cast iron products always meet ASTM and CISPI standards, and we don't stop there. To achieve uniform quality, we tightly control the chemical properties and temperature of our iron. We measure weight, thickness and laying length for dimensional accuracy. And, we date stamp every piece of cast iron pipe we make. Be proud to specify American.
