From the President:

Our first meeting of 2009 was a bit of a blustery one as well, but it didn't keep anybody from venturing out in the elements to attend a good meeting. After a nice warm meal and some Tiramisu for dessert, I think everybody was pretty much settled in for the night to hear **Mike Varley** from PSI Sales speak to us about Corrugated Stainless Steel Piping Systems. Mike did a great job on his presentation and answered some good questions from the group. He also showcased some of his product line as well. I need to extend an extra "Thank You" to Mike for his efforts on getting to the meeting despite the 2 1/2

hour drive it took to get there. I was relieved when the weather conditions did not get any worse for anybody driving back home.

The installation of the 2009-2010 officers **for the ASSE Northern Ohio Chapter** took place at the meeting as well. ASSE International President Rich Prospal was in attendance and issued the Oath of Office to the new Chapter Officers. Incoming President Pat Sugrue had some important announcements as well. Congratulations to the entire Northern Ohio Chapter Board!

Dennis Malkin of Roberts Mechanical was in attendance. He had with him **Randy Sokol of Bock Water Heaters** with the latest literature for his products. I would like to thank all of these gentlemen for helping to support their local ASPE Chapter.

If you are interested in a tabletop for any of our upcoming meetings, we have openings available. If you are interested please contact **John Griffin** at jegriffin1@juno.com.

The Cleveland Chapter Plumbing **Handbook** for 2009-2010 has been completed and is being sent to the printers. We anticipate having the books printed and distributed at the March meeting. This would be the perfect opportunity to attend the meeting and pick up your Handbook as well as for other members within your organization who cannot make the meeting. This saves on the cost of shipping the handbooks out to all of our members. For those who cannot attend, a copy of the Handbook will be mailed out to you.

The next upcoming Technical Symposium is scheduled for October 22-25 and will be located in Dearborn, Michigan. ASPE is already hard at work planning for this great event. Mark this date on your calendar and consider attending.

The first **ASPE Webinar** is planned for February 11th at 2:00PM on the topic of **Grease Interceptors**. The cost for the webinar is \$69.95 for members and \$129.95 for non-members. Registration is now open on the ASPE Website at www.aspe.org.

Our website has recently been updated with the latest updated Chapter information. Please note the topics for the months of April and May have been switched do to a scheduling conflict with one of our speakers. The site can be accessed at www.clevelandaspe.org.

**2008-2009 ASPE Meeting/Plumbing Class Schedule
February 2009**

<u>Date – Time – Place</u>	<u>Agenda</u>	<u>Speaker</u>	<u>Exhibitors</u>
September 17, 2008 – 5:00 PM Harry's Steakhouse Cost: \$34.00	Clam Bake Topic – Roundtable Discussion on the future of the Ohio Plumbing Code	Tom Wanner (MAPIC)	N/A
October 8, 2008 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Condensing vs. Non Condensing Water Heaters	Van Culberson (Laars)	PM Equipment Omar McDowell Company R.L. Deppman
November 12, 2008 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Cast Iron Drainage Systems and Joining Methods	Ira Schumer (Husky)	KMR Agency Omar McDowell Company SVF Sales
December 10, 2008 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Fire Protection Systems (Extended Coverage Sprinkler Technology)	Walter Barker (Viking Corporation)	Viking Midwest Spec
January 14, 2009 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Corrugated Stainless Steel Piping Systems	Mike Varley (PSI Sales)	PSI Sales Roberts Mechanical
February 11, 2009 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Pipe Coverings and ADAAG	Howard Ahern (Plumberex)	Plumberex
March 11, 2009 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Solar Hot Water Systems	Chris Homola	TBD
April 8, 2009 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Thermostatic Mixing Valves (Tentative)	Paul Knight (Armstrong)	Omar McDowell Company
May 13, 2009 – 5:00 PM Harry's Steakhouse Cost: \$24.00	Topic – Basics of Water Purification	Chris Yarima (Millipore)	TBD

**2008-2009 ASPE Meeting/Plumbing Class Schedule
February 2009**

The above is the meeting/plumbing class schedule for the 2008-2009 ASPE year. Updated information will appear in subsequent newsletter issues. All meetings will be at Harry's Steakhouse, 5664 Old Brecksville Road, Independence unless otherwise indicated. The meeting/plumbing class, including dinner, is \$24.00. Reservations are required. A mini product show will be held before each meeting/plumbing class highlighting some of the materials discussed in class or products that will assist the engineer in understanding what they are designing or specifying. All plumbing classes will qualify for 0.1CEU hours and will assist in preparation for the ASPE CPD examination.

The following times will be enforced as strictly as possible.

Make your reservations a minimum of two days before the meeting/class and try to be on time.

- Mini product show 5:00 to 6:00 Dinner 6:00
- ASPE business 6:30 Plumbing Class 6:45 to 7:45

From V.P. Technical:

I would like to thank Michael J. Varley with Preferred Sales, Inc. for being our guest speaker at the January 14, 2009 training session. The topic of the seminar was Application, Sizing, and Installation of Corrugated Stainless Steel Tubing. The presentation outlined system description and components, system configuration, installation, sizing applications and sizing guidelines.

The February 11, 2009 seminar topic will be Pipe Coverings and ADAAG. The speaker will be Howard Ahern, with Plumberex. Howard is the National Sales Manager with over 20 years of field experience.

Please confirm your reservation for this seminar by noon of Friday, February 6, 2009 with Kevin Noble at knoble@sbmce.com. If you have any questions and/or comments about the seminars, please do not hesitate to contact me at jvarga@sbmce.com.

Plumbing Designer

H.F. Lenz Company, a member of the U.S. Green Building Counsel since 2000 and ranked in "The Top 100 Green Design Firms" by Engineering News Record, is a nationally recognized, multi-disciplined leader of professional engineering design services in the areas of health care facilities, educational facilities, national, state, and municipal government buildings, high rise office buildings, financial institution projects, mission-critical facilities, and historic renovation projects.

We are seeking a Plumbing Design professional with a minimum associate (2 year) technical degree and 3 to 5 years design experience, or an equivalent combination of education and experience. Will be responsible for performing technical design layout of plumbing systems for various Corporate Office and Mission-Critical facilities. Must be proficient in Auto Cad drafting and possess thorough knowledge of major plumbing codes. CPD certification is desirable.

H.F. Lenz Company offers a comprehensive and competitive total compensation package for the selected individual. Submit a letter of interest and resume in confidence to:

A New Generation of EcoVantage™ Ultra-Low Consumption Urinals.

Zurn offers the most complete family of ultra-low water consumption urinals on the market today. Whether installed new or retrofitted in place of a standard urinal, one low water consumption Zurn EcoVantage™ Pint Urinal can save up to 30,000 gallons of water and about \$200 in operating costs per year. Make the world a little greener and save your company some green, too. Call today 1-800-997-3876 or visit www.standupfortheearth.org

The Pint® Available in sensor battery or hardwired options, exposed and concealed versions.
Use for new construction or retrofit applications.

GO

UNPARALLELED HOT-WATER TEMPERATURE CONTROL IN AN ELECTRONIC MIXING CENTER (EMC) THAT PLAYS IT SMART AND SAFE.

When you actually see it perform live, you'll change the way you think about central hot-water distribution systems. Designed specifically to provide $\pm 2^{\circ}\text{F}$ recirculation system control during zero-demand idling periods, our EMC also delivers remarkable performance across the full diversity of hot water use. And it has no minimum system draw-off requirement. With remote programming and control features, and building automation system interface capability built into the mixing unit, the EMC offers an unparalleled portfolio of valuable benefits. We don't just say it; we'll prove it to you online. Log on to www.armstrong-intl.com/aspe today and sign up for a live guided tour.

New Customer Service Line Responsibility Notification

We're contacting you to let you know about an important change in responsibility for installing customer service lines for Columbia Gas of Ohio customers.

The Public Utilities Commission of Ohio has made Columbia responsible for installing all new customer service lines (Case 08-72-GA-AIR on December 3, 2008). Only Columbia or its agent may install service lines, including the meter setting. Also, only Columbia or its agent may relocate or uprate an existing service line.

Taken together with Columbia's obligation to replace or repair existing customer service lines, Columbia is now responsible for installing and maintaining the service line from the main to the meter. Customers are still responsible for house lines (all lines downstream of the outlet of the meter).

Customers may be eligible for reimbursement, if:

- Columbia installed the tap for their service on or after Dec. 3, 2008
AND
- The customer had already paid to have the customer service line installed.

Reimbursement will be limited to any reasonable and customary charges, and the service line must have been installed by a DOT Operator Qualified plumber. Eligible customers will receive instructions on how to apply for reimbursement.

If you have questions about these changes, you may call our New Business Team at 1-800-440-6111.

**Finally -
A Simple Solution
to an Age Old
Plumbing Problem**

EVERPRIME®
Simply Add It ...and Forget It!

Works great in unused floor and shower drains, sinks and water fountains, toilets/urinals, condensate drains and other unprimed or unused drains.

Yep, it's that good!

From the President (Continued):

We are going to hold a **membership drive** starting this month through the month of March. To participate all you have to do is be a member and bring a colleague who is interested in Plumbing Engineering to our next meeting on February 11th. Both the member as well as the colleague they bring along to the meeting will receive their choice of available prizes. Members must be in good standing, and you must make an RSVP prior to the meeting for yourself as well as your colleague in order to participate. How serious are we about increasing our membership? Become a sponsor for a colleague and have them join ASPE. Both you as well as the sponsored member will be entered into a raffle for a brand new **Garmin GPS Navigation Unit!** As a bonus, the sponsor who draws the most members during this membership drive will earn one extra raffle ticket and a better chance at winning this great prize. This membership drive is open to all ASPE members including Chapter Board members. To qualify please send me a copy of the completed membership application (available on the ASPE Website at www.aspe.org) via E-mail at mdrab@thorsonbaker.com, or if applying online a copy of the application confirmation. Be sure that all information is entered correctly and that the sponsor's name is indicated on the application. All applications will be verified prior to being accepted. The GPS unit will be awarded to one lucky member at our meeting on April 8th! You do not need to be present to win but wouldn't you want to be? You can use the GPS unit to find your way home! Good Luck to all those who participate!

Reminder: Please RSVP to Kevin Noble at knoble@sbmce.com no later than **noon on Friday, February 6th** so that we can provide an accurate head count to Harry's Steakhouse. We cannot guarantee that a meal or handout will be reserved for you if you do not RSVP by this time.

See you on the 11th!
